

We want to be connected!

Welling School is pleased to announce the introduction of a fantastic new system of communication 'MyEd'.

Following the successful implementation of **ClassCharts** - Sep 2017 (App for parents which gives direct access to their child's timetable, achievements and behaviour), we have seen the benefits of Smart Phone technology within education and as a result want to make best use of it.

MyEd is the free parent app that gives you a multitude of communication and information features to stay in touch with what is going on at school.

We are able to send you messages directly to the **MyEd** app relating to important information about your child's education and to remind you of events that are taking place at school. You will also see that we update and change the information in the app as the school year moves along. You will receive a notification if we send you a message and there is no charge for the messages you send to us.

Going forward **MyEd** will be used as the school's main tool for parent communication. We want parents to feel as much a part of their child's education as possible and we feel communication is key to this.

The **MyEd** app is available for both Apple iOS and Android devices and can be found in the Apple Store and Google Play Store.

Step 1 - Go to your App store

Step 2 - Search for **MyEd**

Step 3 - Download Free app

Once you have installed and opened **MyEd**, search for Welling School and follow the simple instructions to identify yourself.

We hope you enjoy using the app and find it a useful source of information.

Mr M Barrett, Director of Business Services
