

30 November 2020

Dear Parent/Carers

Year 7 setting for January 2021

Students in Year 7 have now completed assessments in all of their subject areas as well as having sat CATs assessments earlier this term. The data from these assessments as well as teacher feedback have informed the sets that will be in place from January 2021. You will receive a report with your child's progress data early next term which will inform you of their assessment outcomes, engagement in lessons and engagement with homework.

Students will be set for the core subjects (English, Maths and Science) and EBACC subjects (History, Geography, MFL) and continue to be taught in their mixed ability tutor groups for Art, Music and Drama. There will be two top sets in each side of the year group and 2 mixed ability groupings in X and 3 in Y as it's the larger side of the year group. These settings will be regularly reviewed following performance in lessons and in class assessments and students will be moved groups if necessary.

Please note that students will need to join their new classes on Google Classrooms to complete homework. They will be given a document with all the classroom codes which will allow them to join their new classes in January. Should you need support accessing Google Classroom or if there are issues with your child's email address, please contact google@wellingschool-tkat.org

I take this opportunity to thank you for your support during what has been an unprecedented first term at secondary school for your child and wish you a happy Christmas break.

Kind regards

Mrs Gooch
Director of Learning for Year 7
