Dear Parent/Carer,

This is a reminder that we will soon be going to your child's school for the Flu immunisation. We will **NOT** be immunising your child if we have not received a consented form from you.

We need you to inform the school if there has been changes in your child's health or increase in your child's Asthma medication or any other medication. It is important to know if your child has taken steroid tablets because of their asthma within the past two weeks before the immunisation day. We also need to know if your child has had the Flu immunisations at the GP since you completed our flu form.

We were booked to be in your child's school on **Monday 30th November** for the Flu Immunisation.

If you need to discuss further, please do not hesitate to contact the Immunisation Team on the number above

Kind regards

Adebola Omobo

Immunisation Lead
