

Welling School Pupil Premium Strategy Statement 2019-20

Background:

The Pupil Premium was introduced in April 2011. It is funding given to schools by the Government to raise the attainment of disadvantaged pupils. In 2012-13 the Pupil Premium was extended to pupils who have been eligible for free school meals at any point in the last six years. Schools also receive funding for young people who have been looked after continuously for more than six months and a smaller amount for the children of service personnel.

The following document details how Welling School makes use of the additional funding it gains through Pupil Premium, along with the details of the impact it has on the students.

The following targets have been agreed by the Governors:

- A. **To close the progress and attainment gap of students eligible for Pupil Premium.** Targets are in-line with equivalent cohorts and Pupil Premium funding is used to remove potential barriers to learning and build knowledge, skills and cultural capital.

- B. **To close the gaps** between Pupil Premium students and the non-disadvantaged cohort **in a range of identified pastoral areas**, including attendance and co-curricular participation, supplemented by targeted mental health and well-being provisions, to develop character and cultural capital which will also help reduce the attainment gap. Pupil Premium funding is used to remove potential barriers to participation and provide targeted interventions.

- C. To support disadvantaged students with **best practice Careers and Destination Guidance**, to ensure that all students have choices, to improve themselves where they are or improve themselves by moving beyond the familiar. Pupil Premium funding is used to remove potential barriers to participation and provided enhanced interventions.

Barriers to future attainment	
A.	Disadvantaged students achieve lower progress and attainment scores than our non-disadvantaged cohort at KS4 and there are specific learning needs, particularly relatively poor literacy and numeracy skills, that contribute to the attainment gap.
B.	Disadvantaged students typically have lower attendance towards school than the non-disadvantaged cohort. Disadvantaged students are disproportionately affected by mental health concerns according to our records.
C.	Disadvantaged students typically have lower aspirations than their non-disadvantaged peers and they are less likely to access higher education and achieve equivalent lifelong wealth.

How we will use the Pupil Premium Grant for 2019-20				
Area	Outcome	Detail	Potential impact	Proposed cost
A	Specific interventions have measurable positive impact on disadvantaged students' attainment.	<ul style="list-style-type: none"> • KS4 interventions in English, Maths and Science target identified gaps in attainment • Mentors and the SEN and Pastoral Teams offer focused support and intervention 	<p>Intervention strategies show positive impact on student progress</p> <p>Attainment gap closes in targeted areas, with literacy and numeracy used accurately and with confidence.</p>	£165,163

<p>A</p>	<p>Financial barriers to participation for disadvantaged students in experiences, trips and visits that increase their cultural/social capital are removed.</p>	<ul style="list-style-type: none"> • This includes provision of any identified resource, items or other cultural capital costs to ensure students can fully access a broad curriculum. 	<p>Students develop depth of capital to assure ongoing closure of attainment gap and access to highest level learning opportunities.</p>	<p>£2,000</p>
<p>A</p>	<p>Disadvantaged students are equipped to participate in their learning and especially at revision time, with all necessary resources to ensure a level playing field.</p>	<ul style="list-style-type: none"> • All disadvantaged students have those curriculum and revision resources that are specified as necessary or beneficial by HoF. 	<p>Students are equipped in line with peers and parents will also be better able to support their child at home.</p>	<p>£82,221</p>

B	Disadvantaged students have equivalent or greater attendance than the non-disadvantaged cohort.	Attendance is rigorously monitored with interventions deployed to remove the attendance gap.	Students are encouraged to remain in school and fully participate in the opportunities on offer. Parents are supported through liaison with the Additional Extra Needs Team.	£87,910
B	Disadvantaged students access co-curricular opportunities including clubs and sports, narrowing the participation gap across all key stages.	Student participation shows narrowing and eventual parity of participation with non-disadvantaged peers. Financial barriers to participation are removed.	Students develop social and cultural capital to enable them to develop successful futures.	£56,102
B	Provision of mental health resources supports disadvantaged students effectively	Disadvantaged students are closely monitored for mental health and other well-being services delivered within school and impact is measured.	Well-being factors that will impact on attainment and future success are addressed effectively so students are happy and ready to learn. Parents are supported through work of Additional Extra Needs Team and other pastoral staff.	£50,296

<p>C</p>	<p>Financial barriers that impede belonging and participation in CEIAG activities are removed.</p>	<p>All disadvantaged students are equipped as appropriate with uniform, business wear, top-up food costs, travel and other similar expenses. Where this is not possible, this is noted and explained.</p>	<p>Students experience no stigma that will hamper their ability to participate fully in the wide range of opportunities available through the school.</p>	<p>£32,803</p>
